RANDACCIO CIRCULAR WALL MIRROR

Randaccio Circular Wall Mirror - Gio Ponti, 1925 | 2015

One of Gio Ponti's signature designs is the Randaccio mirror from 1925. Designed for his own home on Via Randaccio in Milan, Ponti's very first architectural project, Randaccio mirrors decorated the walls of his bedroom on the 3rd floor together with other furniture designed specifically for the apartment. Offered in three sizes with elegant brass edging, the collection is characterized by its atypical crown-like detailing on the top; a detail used by Ponti in several of his works within art and design.

Collection of round mirrors with brass frames
Frame features Gio Ponti's signature crown-like detailing at the top

- S - 16.5"dia
- M - 23.6"dia
- L - 27.6"dia
